Registered Office: Flat No. 412A, Building No 43, Chiranjiv Tower, Nehru Place, New Delhi - 110019.

Oriana Power Ltd. wins an order for setting up 20 MW AC Solar PV Project from Bharat Coking Coal Limited (BCCL), a subsidiary of Coal India Ltd.

New Delhi, 22nd August 2023: Oriana Power Ltd., a prominent renewable energy solutions provider, is pleased to announce that it has been awarded a 20 MW AC solar photovoltaic (PV) project by Bharat Coking Coal Limited (BCCL), a subsidiary of Coal India Limited (CIL).

- Oriana Power Ltd., a prominent player in the renewable energy sector, has partnered with Bharat Coking Coal Limited (BCCL) to build a state-of-the-art 20MW AC ground-mounted solar photovoltaic (PV) power plant in Dugdha Washery Area, Dhanbad, Jharkhand.
- The company, with its proven track record, will oversee all facets of the project's life cycle, encompassing design, procurement of solar equipment, construction, meticulous testing, seamless commissioning, integration with the transmission network, and a resolute 5-year operation and maintenance commitment.
- The EPC phase is expected to be completed within 12 months and is valued at **~₹ 138 Crores** inclusive of GST and O&M charges.
- The project is expected to generate enough clean energy to power over 10,000 homes and offset approximately 26,000 tonnes of CO₂ emissions annually.
- This project win is in line with the company's initiatives to drive positive environmental transformation and bolster the nation's transition toward a more sustainable energy future.

Commenting on the announcement, the Management team of Oriana Power Ltd, stated:

" We are thrilled to announce that Oriana Power Ltd. has been chosen for the prestigious 20MW AC Solar PV project in partnership with BCCL, a subsidiary of Coal India Ltd. This venture not only showcases our expertise in renewable energy but also aligns seamlessly with our strong commitment to sustainability.

The project's comprehensive scope, spanning from design to operation, highlights our holistic approach in providing step ahead impactful solutions in this domain. Our dedicated focus on delivering excellence in the Engineering, Procurement, and Construction (EPC) phase, with a set timeline of 12 months, underscores our ability to drive transformative projects efficiently.

Beyond its technical achievements, the project's environmental significance is remarkable. With the

20MW AC solar PV system projected to reduce annual CO₂ emissions by an impressive 26,000 tonnes, we are fully aligned with global climate change mitigation efforts being undertaken globally.

We extend our gratitude to BCCL for entrusting us with this crucial initiative. With resolute dedication, we are committed to delivering excellence, promoting environmental stewardship, and setting new industry benchmarks. Together, we are driving positive change and pioneering a sustainable energy future for India and beyond.”
